Samsung Rising Geoffrey Cain,2020-03-17 An explosive exposé of Samsung that “reads like a dynastic thriller, rolling through three generations of family intrigue, embezzlement, bribery, corruption, prostitution, and other bad behavior” (The Wall Street Journal). LONGLISTED FOR THE FINANCIAL TIMES AND MCKINSEY BUSINESS BOOK OF THE YEAR AWARD Based on years of reporting on Samsung for The Economist, The Wall Street Journal, and Time, from his base in South Korea, and his countless sources inside and outside the company, Geoffrey Cain offers a penetrating look behind the curtains of the biggest company nobody in America knows. Seen for decades in tech circles as a fast follower rather than an innovation leader, Samsung today has grown to become a market leader in the United States and around the globe. They have captured

one quarter of the smartphone market and have been pushing the envelope on every front. Forty years ago, Samsung was a rickety Korean agricultural conglomerate that produced sugar, paper, and fertilizer, located in a backward country with a third-world economy. With the rise of the PC revolution, though, Chairman Lee Byung-chul began a bold experiment: to make Samsung a major supplier of computer chips. The multimillion-dollar plan was incredibly risky. But Lee, wowed by a young Steve Jobs, who sat down with the chairman to offer his advice, became obsessed with creating a tech empire. And in *Samsung Rising*, we follow Samsung behind the scenes as the company fights its way to the top of tech. It is one of Apple's chief suppliers of technology critical to the iPhone, and its own Galaxy phone outsells the iPhone. Today, Samsung employs over 300,000 people (compared to Apple's 80,000 and Google's 48,000). The company's revenues have grown more than forty times from that of 1987 and make up more than 20 percent of South Korea's exports. Yet their disastrous recall of the Galaxy Note 7, with numerous reports of phones spontaneously bursting into flames, reveals the dangers of the company's headlong attempt to overtake Apple at any cost. A sweeping insider account, *Samsung Rising* shows how a determined and fearless Asian competitor has become a force to be reckoned with.

The Forgotten Ben Bradlee Jr., 2018-10-02 The people of Luzerne County, Pennsylvania voted Democratic for decades, until Donald Trump flipped it in 2016. What happened? Named one of the juiciest political books to come in 2018 by Entertainment Weekly. In *The Forgotten*, Ben Bradlee Jr. reports on how voters in Luzerne County, a pivotal county in a crucial swing state, came to feel like strangers in their own land - marginalized by flat or falling wages, rapid demographic change, and a liberal culture that mocks their faith and patriotism. Fundamentally rural and struggling with changing demographics and limited opportunity, Luzerne County can be seen as a microcosm of the nation. In *The Forgotten*, Trump voters speak for themselves, explaining how they felt others were 'cutting in line' and that the federal government was taking too much money from the employed and giving it to the idle. The loss of breadwinner status, and more importantly, the loss of dignity, primed them for a candidate like Donald Trump. The political facts of a divided America are stark, but the stories of the men, women and families in *The Forgotten* offer a kaleidoscopic and fascinating portrait of the complex on-the-ground political reality of America today.

**Death of a Showman** Mariah Fredericks, 2021-04-13 In Mariah Fredericks's *Death of a Showman*, the fourth in this absorbing series set in Gilded Age New York, lady's maid Jane Prescott is thrust into the world of show business, where a killer is stalking Broadway. "A lively upstairs/downstairs mystery."—New York Times Book Review on *A Death of No Importance* It is the summer of 1914 and lady's maid Jane Prescott is back in New York with the Tylers after a glittering society wedding in Europe. On their return, Jane learns another wedding has taken place. Her old dancing partner, Leo Hirschfeld, has married a chorus girl in his new Broadway musical. Jane and Louise Tyler are pulled into the sparkling and scandalous world of Broadway, as a star struck Louise invests in Leo's show, and Jane chaperones her at rehearsals. But behind the glittering facade of the theater, there are rivalries, secret romances, and some very dodgy business practices. When the show's abusive producer, Sidney Warburton, is murdered, the list of suspects is long. Was it the comedic star or her gambler boyfriend? The disgruntled costume designer? The beautiful, blond dancer, her jealous husband? Or was it Leo himself, who had more reason than anyone to hate Sidney Warburton? As the First World war looms in the distance, Jane and tabloid reporter Michael Behan must strip back the masks of these consummate performers before one of them kills again.

**Start with Why** Simon Sinek, 2011-12-27 The inspirational bestseller that ignited a movement and asked us to find our WHY Discover the book that is captivating millions on TikTok and that served as the basis for one of the most popular TED Talks of all time—with more than 56 million views and counting. Over a decade ago, Simon Sinek started a movement that inspired millions to demand purpose at work, to ask what was the WHY of their organization. Since then, millions have been touched by the power of his ideas, and these ideas remain as relevant and timely as ever. *START WITH WHY* asks (and answers) the questions: why are some people and organizations more innovative, more influential, and more profitable than others? Why do some command greater loyalty from customers and employees alike? Even among the successful, why are so few able to repeat their success over and over? People like Martin Luther King Jr., Steve Jobs, and the Wright Brothers had little in common, but they all started with WHY. They realized that people won't truly buy into a product, service, movement, or idea until they understand the WHY behind it. *START WITH WHY* shows that the leaders who have had the greatest influence in the world all think, act and communicate the same way—and it's the opposite of what everyone else does. Sinek calls this powerful idea The Golden Circle, and it provides a framework upon which organizations can be built, movements can be led, and people can be inspired. And it all starts with WHY.
