**The 1920s Scrapbook**, 2003 With over 1,000 colourful images, Robert Opie brings to life the 1920s and captures the mood of this radical decade in Great Britain. The Twenties were a time for change and invention. The arrival of the wireless provided a new form of entertainment and The Radio Times was launched in 1923. The popularity of the cinema continued and was changed forever with the coming of 'talkies' and The Jazz Singer in 1926. While there were many notable events, from the Tutankhaman discoveries to the Empire exhibition at Wembley, unemployment and workers' discontent pervaded everyday life, culminating in the General Strike of 1926. For children, however, fun and amusement could be found with new cartoon characters: the antics of Felix the Cat at the pictures, tales of Pooh Bear in A.A. Milne's book Winnie-the-Pooh and, in newspapers, Bonzo the Dog (Daily Sketch), Rupert the Bear (Daily Express), Teddy Tail (Daily Mail) and Pip, Squeak and Wilfred (Daily Mirror). Apart from women daring to smoke (espe

**The Scrapbook of Frankie Pratt** Caroline Preston, 2011-10-25 For her graduation from high school in 1920, Frankie Pratt receives a scrapbook and her father's old Corona typewriter. Despite Frankie's dreams of becoming a writer, she must forgo a college scholarship to help her widowed mother. But when a mysterious Captain James sweeps her off her feet, her mother finds a way to protect Frankie from the less-than-noble intentions of her unsuitable beau. Through a kaleidoscopic array of vintage postcards, letters, magazine ads, ticket stubs, catalog pages, fabric swatches, candy wrappers, fashion spreads, menus, and more, we meet and follow Frankie on her journey in search of success and love. Once at Vassar, Frankie crosses paths with intellectuals and writers, among them "Vincent" (alumna Edna St. Vincent Millay), who encourages

Frankie to move to Greenwich Village and pursue her writing. When heartbreak finds her in New York, she sets off for Paris aboard the S.S. Mauritania, where she keeps company with two exiled Russian princes and a “spinster adventuress” who is paying her way across the Atlantic with her unused trousseau. In Paris, Frankie takes a garret apartment above Shakespeare & Company, the hub of expat life, only to have a certain ne’er-do-well captain from her past reappear. But when a family crisis compels Frankie to return to her small New England hometown, she finds exactly what she had been looking for all along. Author of the New York Times Notable Book *Jackie* by Josie, Caroline Preston pulls from her extraordinary collection of vintage ephemera to create the first-ever scrapbook novel, transporting us back to the vibrant, burgeoning bohemian culture of the 1920s and introducing us to an unforgettable heroine, the spirited, ambitious, and lovely Frankie Pratt.

Edwardian Scrapbook Robert Opie, 2002 With Edward VII on the throne and the dawn of a new century, Britain embraced the technology of the future. Motor transport began to replace the horse, and by the end of the Edwardian era, the possibilities of the aeroplane could be seen. While the telepho

**Admit One: An American Scrapbook** Martha Collins, 2016-03-31 In *Admit One: An American Scrapbook*, Martha Collins relentlessly traces the history of scientific racism from the 1904 St. Louis World's Fair through the eugenics movement of the 1920s. Using a wide variety of documentary sources, including her Illinois grandfather's newspaper, Collins constructs a

scrapbook of fragments, quotations, narrative passages, and lyrical riffs that reveal startling connections between the Fair, the Bronx Zoo, and ideas that culminated in anti-immigration, anti-miscegenation, and eugenic sterilization laws in 1924. Among the book's recurring elements are evolving portraits of the exhibited African Ota Benga, the sterilization victim Carrie Buck, and the eugenicist Madison Grant, whose reach extended to Nazi Germany. Following the practice begun in her book-length poem *Blue Front* and continued in her exploration of race in *White Papers*, Collins combines careful research with innovative poetic techniques to create an arresting account of a segment of American history that haunts us even today. *Admit One* is a brilliant, troubling, necessary read.

*I've Got Some Lovin' to Do* Julia Park Tracey, 2012-08 It is July of 1925 when, on a whim, fifteen-year-old Doris Bailey decides to keep a diary-a place where she can openly confide her dreams, hopes, and ambitions. Doris is flirtatious, untamed, and romantic, imagining herself in and out of love with each passing day. In this first volume of *The Doris Diaries*, her great-niece, Julia Park Tracey, shares Doris's journals capturing a year in the life of a precocious teenager in the rapidly changing world of the mid-1920s. Doris chats on the telephone and dances to records on the Victrola. Not only does she flirt, kiss, and ride in cars with boys, but she also sneaks out, cuts school, and chops off her hair. While Doris constantly pushes the boundaries of acceptable behavior for a young girl, she retells juicy gossip from St. Helen's Hall, a military academy dance, and an Oregon dude ranch-sharing an unforgettable glimpse into a treasure trove of authentic American life in the Northwest. *I've Got Some Lovin' to Do*, with commentary, footnotes, and photographs, presents an entertaining portrayal of an American girl brimming with curiosity, a zest for life, and a hunger to experience love for the first time. *The Scrapbook in American Life* Susan Tucker, Katherine Ott, Patricia Buckler, 2006 This book explores the history of scrapbook-making, its origins, uses, changing forms and purposes as well as the human agents behind the books themselves. Scrapbooks bring pleasure in both the making and consuming - and are one of the most enduring yet simultaneously changing cultural forms of the last two centuries. Despite the popularity of scrapbooks, no one has placed them within historical traditions until now. This volume considers the makers, their artefacts, and the viewers within the context of American culture. The volume's contributors do not show the reader how to make scrapbooks or improve techniques but instead explore the curious history of what others have done in the past and why these splendid examples of material and visual culture have such a significant place in many households.

**Beautiful People of the Café Society** Baron de Cabrol, 2020-03-03 The Baron de Cabrol's legendary scrapbooks capture a golden era of glamour and reveal the sheer elegance and decadence of the cosmopolitan café society. The glamorous aristocrats Daisy and Fred de Cabrol formed one of the most prominent twentieth-century high-society couples on the international scene. Leading members of the exclusive café society, they socialized with the biggest names in the haut

monde—from the Maharani of Kapurthala to Queen Amelia of Portugal to their close friends the Windsors. Reproducing pages from the scrapbooks crafted with beauty and wit by the Baron de Cabrol between 1938 and the 1960s, this volume reveals the privileged and extravagant world of the café society. Through collages, watercolors, and previously unpublished archival documents, readers will discover the exceptional journey through the golden age of elegance and art.

Writing with Scissors Ellen Gruber Garvey, 2012-11-02 Men and women 150 years ago grappled with information overload by making scrapbooks—the ancestors of Google and blogging. From Abraham Lincoln to Susan B. Anthony, African American janitors to farmwomen, abolitionists to Confederates, people cut out and pasted down their reading. Writing with Scissors opens a new window into the feelings and thoughts of ordinary and extraordinary Americans. Like us, nineteenth-century readers spoke back to the media, and treasured what mattered to them. In this groundbreaking book, Ellen Gruber Garvey reveals a previously unexplored layer of American popular culture, where the proliferating cheap press touched the lives of activists and mourning parents, and all who yearned for a place in history. Scrapbook makers documented their feelings about momentous public events such as living through the Civil War, mediated through the newspapers. African Americans and women's rights activists collected, concentrated, and critiqued accounts from a press that they did not control to create unwritten histories in books they wrote with scissors. Whether scrapbook makers pasted their clippings into blank books, sermon collections, or the pre-gummed scrapbook that Mark Twain invented, they claimed ownership of their reading. They created their own democratic archives. Writing with Scissors argues that people have long had a strong personal relationship to media. Like newspaper editors who enthusiastically scissorized and reprinted attractive items from other newspapers, scrapbook makers passed their reading along to family and community. This book explains how their scrapbooks underlie our present-day ways of thinking about information, news, and what we do with it.

American Cinema of the 1920s Lucy Fischer, 2009 In ten original essays, American Cinema of the 1920s examines the film industry's continued growth and prosperity while focusing on important themes of the era that witnessed the birth of the star system that supported the meteoric rise and celebrity status of actors, including Charlie Chaplin, Mary Pickford, Joan Crawford, Greta Garbo, and Rudolph Valentino, while black performers (relegated to race films) appeared infrequently in mainstream movies.

**Paul Smith's Cycling Scrapbook** Paul Smith, 2016-05-17 A visual celebration of cycling presented through the passions and personal memorabilia of beloved menswear fashion designer Paul Smith. Were it not for a serious crash in his teens, fashion designer Paul Smith might have become known as a successful racing cyclist. His cycling career cut short, and after a

six-month spell in the hospital, he opened a small boutique in England in 1970. Today, Paul Smith is one of the UK's most successful exports, with over 350 shops worldwide. It was only relatively recently, however, that Smith publicly returned to the world of cycling. This lively scrapbook illustrates Smith's favorite people, races, and places in the cycling world through the images and ephemera that inspired him. From his collection of cycling jerseys and his extensive library of cycling publications and brochures of the 1950s and 1960s to the inspiration he has found in his cycling heroes (Coppi, Anquetil, Bartali) and his collaborations with bike-makers (Mercian and Pinarello) and race organizers, this is a personal and highly visual journey that connects Smith's love of cycling with his love of design. Paul Smith's Cycling Scrapbook is a winning combination of design and the world's most increasingly popular pastime, sure to thrill cycling fans and fashion enthusiasts everywhere.
